CMA – Comprehensive Medical Assessment, involves the GP reviewing all of the Residents medical conditions. Full examination and investigations, making referrals where necessary (Consider Allied Health referrals to be actioned when the 731 has been performed). The CMA is filed with the RACF as a source of comprehensive reference for nursing staff and after hours medical practitioners or sent with the resident when admitted to hospital.

701	<30 min
703	30 – 45 min

705	45 – 60 min
709	>60 min

Care Plan contribution/review – The RACF staff routinely develop and follow a Care Plan that describes interventions and cares required by the Resident. The GP can contribute to the care plan by making written comments or additions.

731	Not time based, however only available to bill every 3 months (Allowed more frequently only if exceptional circumstances exist for a resident and if there has been a significant change in the resident’s clinical condition or care requirements which necessitates the performance of the service.)
------------	--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

Following a 731, the GP can refer to Allied Health (Please use the referral form “Referral form for Individual Allied Health Services under Medicare for patients with a chronic medical condition and complex care needs” Please note that there is a maximum of 5 visits per calendar year 5 visits in total, not for each discipline).

Case Conference – A meeting held between the GP and at least two other health care providers who are involved in the care. The aim is to jointly agree on the types of care the resident needs. The case conference allows the opportunity to plan for health care needs in a co-ordinated fashion. *(Suggest performing a case conference prior to performing the subsequent 731 contribution to care plan service to ensure that the resident or substitute decision maker, others involved in the care of the resident have a co-ordinated plan)*
