

# Part-time General Practitioner (Private)

Lives Lived Well

**We are seeking one or two General Practitioners to be a part of our Lives Lived Well Specialist Centre (LLWSC) in Burleigh Heads, Queensland. Initially, you will work one or two consulting days, with the option to increase this commitment over time.**

- Flexible and holistic, alcohol and other drug, mental health, physical and sexual health.
- Work collaboratively within a specialised practice alongside psychiatry, nursing, psychology and allied-health professionals.
- Feel rewarded working with a dynamic group of clients from our residential rehabilitation program, Mirikai, as well as a range of community clients.
- Mix of bulk and private billings.
- Reliable referral stream of between 20 and 30 patients/day
- Option to negotiate guaranteed salary
- Low 20% practice management fee

## What's the role?

An exciting opportunity exists for an experienced and well-credentialed General Practitioner (VR GP certified), with a passion for alcohol and other drug and mental health to join the team at LLWSC.

The LLWSC primarily supports clients from all LLW services including the Mirikai Residential Rehabilitation program and a range of Youth, Family and Community AOD programs.

Each day you will work with a dynamic cohort of clients providing holistic follow-up of mental, physical and sexual health as well as chronic disease monitoring under the Medicare Benefits Scheme (MBS). This will include providing guidance and recommendations in working with a well-established and professional multi-disciplinary team. You will be supported by a passionate Practice Manager and Registered Nurse within the centre.

## Benefits to working as Private Practitioner with us

- Challenging work where our outcomes turns lives around.
- Collaborative environment within a multi-disciplinary health team.
- Flexibility and capacity to increase your consulting days.
- Experienced Practice Manager.
- Free parking for clients and staff.
- Support from experienced Registered Nurse.
- Experienced administration staff for all your admin support.
- Right to private practice.

## As an experienced and passionate GP you will bring:

- Fellowship of General Practice (VR GP)
- Membership with Australian Health Practitioner Regulation Agency (AHPRA)
- Passion and experience with working alcohol and other drugs and mental health
- Passion and experience with a diverse and complex population including working with children, youth and young adults
- Effective interpersonal skills
- Demonstrated experience in performing health checks
- Have professional indemnity insurance.

## We're passionate about the possibilities! If you are too, apply today!
