Registrations via: <https://www.eventbrite.com.au/e/128581126611>

Presented by:

Campbell Paul, Royal Children's Hospital & Royal Women's Hospital, Parkville, Victoria, Australia

Susan Nicolson, Royal Women's Hospital, Parkville, Victoria, Australia

With additional NBO Trainers to ensure a small group experience.

NBO Workshop format: Presented Live Online via Zoom and our Learning Management System.

The half-day sessions are tailored to the on-line environment and include whole group presentations, rich video material, small breakout group discussions, case studies, role-play in pairs, mini-breaks and a longer break midway each day- to maximise group enjoyment and learning and minimise screen fatigue.

Ticket Price: \$495 AUD (including GST).

Cost includes:

- NBO Kit and postage
- Pre-Workshop preparatory materials including learning module, videos and optional further reading
- Live Online Workshop over three half days (15 contact hours) and learning materials
- Printable handouts for each workshop day
- Printable NBO Forms for use during and after the workshop
- Post-Workshop Zoom meeting (optional)
- Post-Training mentoring and accreditation as NBO practitioner (optional)

Not included but highly recommended:

"Understanding Newborn Behaviour and Early Relationships: The Newborn Behavioral Observations System Handbook" (soft cover) by J. Kevin Nugent, Susan O'Brien, Constance H. Keefer. ISBN:9781557668837
