

Suicide Prevention Community Action Plan (CAP) Expression of Interest

Using the Lifespan Framework, the Suicide Prevention Community Action Plan (CAP) aims to bring together lived experience, health services and community efforts to support a holistic approach to suicide prevention on the Gold Coast. The plan seeks to strengthen relationships and collaboration in the planning, coordination and implementation of suicide prevention activities.

To increase the coordination and collective impact of our efforts, we would like to invite you to submit an expression of interest to join the Suicide Prevention Implementation Group or to be kept informed about our activities or have an opportunity to submit information. MHAOD@gcphn.com.au

As an interested person or organisation, you can choose the level of engagement that you want to have with the implementation of the plan.

- Keep me in the loop** – join a mailing list to receive updates about plan activities and ways of engaging in events or accessing further reading
- Submission of information** – you and/or your organisation may be busy doing your thing and not be interested in attending meetings – you might want to submit updates of events or activities which contribute to the plan and can be shared over our network and included in reports to the community.
- Committee Member – Suicide Prevention Implementation Group** - you may be a key stakeholder named in the plan, you may be a student who is doing research in suicide prevention, or you may be someone who has a wealth of knowledge from years of service who wants to share. We welcome you to use our simple process to join us in oversight of the implementation of the CAP.

For Committee membership please read the Suicide Prevention Community Action Plan (CAP) and provide the additional information overleaf.
