Griffith University

INFORMED CONSENT

- I have read and understood the information sheet relating to this study.
- **I understand that by proceeding with the survey that I have provided consent to participate in this study**
- I agree to participate in the project **Behaviour Change by General Practitioners with Vulnerable Populations** and give my consent freely.
- I understand that I will be required to partake in one online survey that will take approximately 15 minutes to complete.
- I understand that the project/study will be carried out as described in the information sheet, a copy of which I have retained.
- I realise that whether or not I decide to participate is my decision and will not impact on my relationship with organisations affiliated with the research team.
- I understand that any information I provide will be treated confidentially and is subject to legal privacy laws.
- I understand that I can withdraw from the study at any time and that I do not have to give any reasons for withdrawing.
- I have had all questions answered to my satisfaction.
- Griffith University conducts research in accordance with the National Statement on Ethical Conduct in Human Research. If potential participants have any concerns or complaints about the ethical conduct of the research project, they should contact the Senior Manager, Research Ethics and Integrity on 3735 4375 or research-ethics@griffith.edu.au.
