

## Living with Covid PPE Bundles and PPE Emergency Provision Order Form (GP, ACCHS and GPRCs)

**Last Updated:** 15/03/2022

**This order form is intended to supply approximately one month's supply of PPE per practitioner for:**

- GPs, ACCHSs and GPRCs willing to manage COVID positive patients face-to-face, until 30 June 2022
- ACCHSs and rural and remote GPs willing to manage COVID positive patients virtually and respiratory patients face-to-face, where workforce capacity is limited AND the GP is serving the community for most or all health needs, until 30 September 2022
- GPs and GPRCs willing to support COVID positive people virtually, and respiratory patients face-to-face are eligible to access P2/N95 and eye protection, until 30 September 2022 (Please order under Section 4 below)

**Please note you must not place an order for a practitioner if you have previously ordered PPE items for the same practitioner within the last 4 weeks.**

### General Practice Details

<b>Practice Type (Please check the correct box)</b>	<input type="checkbox"/> GP	<input type="checkbox"/> ACCHS	<input type="checkbox"/> GPRC
<b>Practice Name</b>			
<b>Shipping Address</b>			
<b>Practice Email</b>			
<b>Order instructions</b> e.g., deliver to back of practice			
<b>Total number of eligible practitioners within this practice</b>			

### Section 1: Living with COVID (LWC) PPE Bundles ordered per practitioner

Please fill out the below table for each eligible general practitioner

- **Each bundle contains: P2/N95 respirators (90 units), either goggles or face shields (40 units), full length gowns (40 units), gloves (100 units), surgical masks (80 units) and hand sanitiser (2 bottles).**
- This bundle is intended to supply each practitioner with 1 month's supply of PPE (equivalent to 40 patient visits). If practitioners have a higher case load (i.e., over 40 patients), bundles can be ordered more frequently. Please complete a separate line for each practitioner indicating size choice.
- You have the option to select preferred size of P2/N95 respirators (small or regular) and gloves (small, medium or large). Please tick to indicate size.
- The Department of Health will endeavor to meet your size choice, however in the event of stock unavailability, the Department will automatically allocate the next available size.
- General practitioners must provide PHNs with the provider numbers of relevant general practitioners managing COVID positive patients, for whom the PPE is sought.

GP Provider Number	Quantity of Full LWC PPE Bundles (should always be <sup>1</sup> , except for higher caseloads)	Size*		Glove Size*		
		Small	Regular	Small	Medium	Large

\*Please tick to indicate size preference of N95 Respirators and Gloves

**Section 2: Living with COVID PPE Bundle Top Up PPE ordered per practice**

I understand that the table below can be used to order individual PPE items in the rare circumstance that stock has been damaged in transit. i.e., broken bottle of hand sanitiser. Only one unit can be accessed.

In the case where a PHN has been unable to send you the contents of a full bundle, you may order up to one month's supply for each component that is out of stock per bundle. This provision will be removed as soon as existing stock held by the PHNs is exhausted.

**Please tick items required.**

Note: Living with COVID General Practice PPE Bundle (Section 1) are intended to supply each clinician with 1 month supply of PPE. Leave blank if not required.

P2/N95 Respirators* 90 units		Goggles/Face Shields 40 units – 1 size available	Gowns 40 units –1 size available	Gloves* 100 units			Surgical masks 80 units – 1 size available	Hand sanitiser 1 bottle
Small	Regular			Small	Medium	Large		

<sup>1</sup> Rural and Remote areas are defined as RRMA zones 3-7, as per <https://www.health.gov.au/health-topics/health-workforce/healthworkforce-classifications/rural-remote-and-metropolitan-area>

**Section 3: Living with COVID PPE Bundle Pulse Oximeters**

**Note:** There is currently one allocation of 10 pulse oximeters per practice managing COVID positive patients. You will not be eligible for pulse oximeters if you have already placed an order for 10, previously.

Pulse Oximeters	Quantity Max. 10 available per practice

**Section 4: Emergency Provision PPE ordered per practice.**

Emergency Provision PPE can only be accessed where there is no local supply available commercially, or from another State or Territory government scheme, **except for GPs and GPRCs managing respiratory patients face-to-face who are eligible to access P2/N95 and eye protection until 30 September 2022. Leave blank if not required.**

P2/N95 Respirators* 90 units		Goggles/Face Shields 1 unit – 1 size available	Gowns 40 units – 1 size available	Surgical masks 1 box – 1 size available	Hand sanitiser 1 bottle
Small	Regular				

\*Please enter quantity in table

**By submitting this form to my PHN:**

- I agree that the details provided in this form are true and accurate and all eligibility requirements have been met.
- I agree I have not previously ordered PPE for the same practitioner in the last 4 weeks.
- I consent to the collection, use and disclosure of my personal information to the Australian Government Department of Health, Primary Health Networks, Logistics and Distribution Partners, who will deliver the PPE and related products to the Practice site. This information may also be used for auditing purposes.
- If the details above contain personal information, other than my own, I have obtained consent from the person to whom the personal information relates to for the collection, use and disclosure of this personal information to the Primary Health Networks, Logistics and Distribution Partners, and to Australian Government Department of Health for ordering, auditing, and delivery purposes.
