

We're looking for likeminded General Practitioners to join our Haan Health Work Family.

Full-time positions (8 sessions per week) are available due to doctors relocating further north or moving into full-time teaching positions.

Our practice is fully private and has been since 2017.

We have on site Pathology, Physiotherapy, Exercise Physiologists, Podiatrists, Dietitians and multiple Psychologists.

Full nurse support with two RNs, full admin support with a practice manager, GP owned practice and building, relocated and fitted in 2015 to a high standard.

Special rooms have been created to see patients with symptoms with full PPE available on-site with a separate entry/exit point (based on our Respiratory Clinic at our sister practice in Upper Coomera).

Please send an email in your first contact and be sure to include your return contact details including mobile number to [raj.haikerwal@gmail.com](mailto:raj.haikerwal@gmail.com) or call 0433 588 563.
