Patients are responsible for the full payment which includes the gap and Medicare amounts, however the Medicare contribution is refunded immediately or on the day.*

Please make note of the following prior to booking an appointment:

- There is one GP within each of the listed practices that provide a medical TOP service.
- The GP who provides the TOP service at these practices will have varying times of availability. Please contact the practice and enquire with reception.
- Additional services may be available in some practices for patients that require or request them, some of which may incur a small cost. GPs may also provide prescriptions for analgesia and antiemetics as required.

Please note: this is not a comprehensive list of pregnancy community services on the Gold Coast. If you would like to include your organisation to this list, please contact Gold Coast Primary Health Network (GCPHN) at communications@gcphn.com.au or 07 5635 2455.
