Gold Coast Private Hospital is delighted to invite you to our upcoming CPD event Every Day Practice Update for GPs. As a GP working in all areas including rural GPs are faced with unique challenges in providing healthcare to patients. This one-day workshop is designed to provide you with the latest information and work practices for managing general health a GP practice.

Dr Mark Forbes, Endocrinologist
Dr Phil Townend, General Surgeon
Dr Rick Steer, Orthopaedic Surgeon
Dr Helen Green, Gynaecological Oncologist
Dr Annah Lane, Queensland X Ray Radiologist
Dr Lee Yang, Neurosurgeon
Dr Leticia De Villiers, Interventional Neuro Radiologist
Dr Hal Rice, Interventional Neuro Radiologist
Scott Whimpey, First Aid Accident and Emergency

Learning outcomes

1. Review current guidelines and evidence for glycemic agents used in Type 2 Diabetes and discuss how to apply those current guidelines to general practice
2. Evaluate the appropriate diagnostic tests and treatment options for reflux and hiatus hernia including lifestyle modifications, medications and surgical intervention
3. Define a robotic assisted hip and knee replacement, explain how it differs from traditional joint therapy and evaluate the potential impact of robotic assisted joint therapy on patient outcomes
4. By the end of the presentation delegates will know the appropriate investigations for the evaluation of the gynecological cancer patient
5. By the end of the MDT case discussion the delegates will be able to identify genetic risk factors, clinical presentation, diagnostic modalities and treatment options for brain aneurysms
