DTA Post Event Information

As discussed, an organisation can *set up a portal* for their organisation through DTA, with suitable online training for their staff. They are then able to see which of their staff have accessed and completed the training.

This is a free service.

- To *set up a portal* or make an enquiry about our face-to-face courses or other information, please complete the form - https://dta.com.au/contact-dta/

- To access the *Changed behaviour toolkit and AID* – you will first need to complete the form at the bottom of the page here - https://dta.com.au/resources/changed-behaviour-toolkit/ (if staff wish to organise the Changed Behaviour workshop to teach staff how to deliver the toolkit, they will need to complete the form above). *This is a free service.*

- To decide which courses may be most suitable for staff - https://learningpathways.dta.com.au/

- To review the online courses - https://dta.com.au/online-dementia-courses/
