

An Australian Government Initiative

Dementia in Residential Aged Care Forum | Navigating the challenging impacts

Wednesday 8th May 2024

8.00AM - 4.00PM | Robina Community Centre

In partnership with Gold Coast Primary Health Network (GCPHN) the Enhanced After Hours Project Leads from the Gold Coast Health RACH Acute Care Support Services (RaSS) team invites GPs and nurses working in residential aged care homes to an insightful exploration into the complex care needs and challenges of residents with dementia.

Learn in detail about important tools for dementia care, including medication management strategies and evidence-based assessment tools. Conclude the day with a collaborative brainstorming session aimed at developing actionable solutions, fostering a proactive approach to addressing these challenges.

Key Speakers

- Dementia Support Australia and Dementia Training Australia Consultants – led by Heather L’Huillier
- Dr Claudia Wong and Dr Jen Lim | RaSS Geriatricians
- Dr Laurie Grealish – Clinical Nurse Consultant Older Person Education | Gold Coast Health Nurse Educator
