and Digital Health)

**Zone: South (Coolangatta to
Mermaid Beach and Robina)**

Gold Coast Primary Health Network (GCPHN) provides support to General Practice, the cornerstone of primary health care, to promote best practice methods and improved quality management. We also engage with local hospital services, other health care providers, and the community to enhance patient outcomes and reduce avoidable hospital admissions.

General practice is a highly valued partner, and we continue to work together to improve services for our community. To do this, we have developed a thorough understanding of general practice in our region to effectively engage with clinicians and staff.

Our primary care engagement team can provide support in the following areas:

Digital Health

General support
for practices

COVID-19

Resources to support
patient care

Training Events

Quality Improvement

Primary Sense

Clinical Placements

Latest Updates

Finding Local Health
Services
