## CDM Plus Chronic Disease Management

Two-day Workshops | Gold Coast Primary Health Network

Gold Coast Primary Health Network, in partnership with CDM Plus, invite Gold Coast general practice clinical staff to a two-day Chronic Disease Management Workshop.

### Topics

#### Day 1:

- Medicare, using MBS online, keeping up to date with changes, CDM item numbers and MBS billing combinations
- Care plans and reviews
- Health assessments and allied health pathways
- Home Medicines Review (HMR)
- Case studies

#### Day 2:

- Prevention, detection and management of chronic conditions such as asthma/COPD, diabetes, cancer, osteoporosis, cardiovascular disease and kidney disease
- MBS items for common detection and management activities
- Complex care and MBS billing pathways
- Data and reporting, quality improvement and digital health
- Case conferences
- Case studies

### Learning Outcomes

- Identify chronic disease management MBS item numbers and activities
- Identify chronic disease management processes
- Apply learning to improve chronic disease management
- Identify risk factors for common chronic conditions
- Identify MBS item numbers for chronic disease management detection and management activities
- Define a multidisciplinary case conference
- Identify the MBS item numbers available for a case conference
