Disaster Recovery and Resilience | Thriving Kids in Disaster

Mudgeeraba Community Centre, Firth Park, Somerset Drive, Mudgeeraba

A disaster recovery and resilience event for health professionals and those who work in the recovery space.

Speaker: Anita Egginton, Social + Community Research, Planning & Development Consultant.

Anita will share the key findings and recommendations from the Thriving Kids in Disasters (TKiD) report. This report focuses on supporting the wellbeing and resilience of infants, children and young people across the various phases of disaster management in Queensland.

Learning objectives/take-aways:

- Introduction to key frameworks associated with the wellbeing and resilience of infants, children, and young people ('kids') in Australia.
- Understand how these frameworks can be applied in the different phases of disaster management in Queensland.
- Explore how the current Queensland Disaster Management system supports the wellbeing and resilience of kids.
- Explore some of the opportunities to improve how the Queensland Disaster Management system supports the wellbeing and resilience of kids.
- Explore how this knowledge can be applied to the local disaster management settings.

Morning tea will be provided.

This will be a face-to-face workshop.

Places are limited – register today to secure your spot.
