Directors' Report

30 June 2024

The directors present their report, together with the financial statements, on Primary Care Gold Coast Limited for the financial year ended 30 June 2024.

General information

Directors

The following persons were directors of the company during the whole of the financial year end and up to the date of this report, unless otherwise stated:

Lisa Beecham	Chair
Experience	General Practitioner
Special responsibilities	Governance and Risk Subcommittee
Tammra Warby	Director (Appointed 4 November 2023)
Experience	General Practitioner
Special responsibilities	Performance Quality and Research Subcommittee
Ka-Kiu Cheung	Deputy Chair
Experience	General Practitioner
Special responsibilities	Finance and Audit Subcommittee
Roger Halliwell	Director (Retired 9 November 2023)
Experience	General Practitioner
Special responsibilities	Finance and Audit Subcommittee Chair to November 2023
Victoria Beedle	Director (Retired 9 November 2023)
Experience	CEO - Melanoma Patients Australia Ltd
Special responsibilities	Governance and Risk Subcommittee Deputy Chair to November 2023
Damien Greene	Director
Experience	Deputy Director General and Chief Information Officer - Qld Health
Special responsibilities	Governance and Risk Subcommittee (Chair)
Alison Ewens	Director
Experience	General Manager of Emergency and Specialty Services, Gold Coast Health
Special responsibilities	Performance Quality and Research Subcommittee (Chair) Governance and Risk Subcommittee
Laurence West	Director
Experience	Senior Manager, Clinical Services - Kalwun Health Service
Grant Dearlove	Director (Appointed 4 November 2023)
Experience	Company Director/Consultant/Lawyer
Special responsibilities	Finance and Audit Subcommittee Performance Quality and Research Subcommittee

Primary Care Gold Coast Limited

ABN 47 152 953 092

Directors' Report

30 June 2024

General information

Principal activities

The Companies principal activities are:

- Population health planning, service development and commissioning services to address community needs and service gaps
- Encouraging and supporting improvements in the delivery of primary health care services to patients including initiatives aimed toward improving disease prevention and management, raising patient awareness and improving access to appropriate services
- Promoting primary care and the centrality of general practice for the delivery of effective integrated health management for the local community
- Providing support to clinicians and primary care service providers to improve their patient care
- Establishing effective collaborations to deliver coordinated, integrated, flexible and locally responsive health services

No significant changes in the nature of the Company's activity occurred during the financial year.

To achieve its objectives, the Company undertook the following activities during the year:

Governance

GCPHN Board undertook a review of the Constitution to ensure it remains contemporary and meets best practice governance standards. The revised Constitution was approved by Members of the Company on 2 May 2024.

Implementation of My Medicare – Supporting General Practices

MyMedicare is a new voluntary patient registration model, part of the DoHAC's ongoing commitment to Strengthening Medicare, that commenced on 1 July 2023 with General Practice and General Practitioner registration and patient registration from October 2023. MyMedicare is aimed at formalising and strengthening the GP and patient relationship and improving continuity of care particularly for people with complex, chronic conditions or at risk of poor health outcomes.

GCPHN supported the first initiatives released under MyMedicare on 1 November 2023 which included developing systems and resources to support the voluntary registration of patients.

Additional initiatives included the introduction of the GP Aged Care Incentive (GPACI) aimed at supporting more regular visits from GPs and better care planning for people living in a Residential Aged Care Home.

Joint Regional Planning for mental health, AoD and Suicide Prevention

The Gold Coast Joint Regional Plan continues to improve the delivery of services and increase the integration of care for patients between GCPHN and Gold Coast Health, and progressing the Community Action Plan on Suicide Prevention. Key activities include the ongoing commissioning and performance monitoring of two After Hours Safe Space services, and the Expansion of Universal Aftercare services (in partnership with GCH and QHealth) for people after a suicide attempt or at risk for suicide.

Commissioning of Urgent Care Clinic – Oxenford

Following the Ministerial announcement that Gold Coast would be funded to commission an Urgent Care Clinic on the Gold Coast, GCPHN was able to commission the new service in November 2023. These Centres deliver urgent care to people to reduce the demand on Gold Coast Emergency Departments and provide services when GP practices are not operating. The Urgent Care Clinic has delivered services to over 4181 people.

Digital strategy and enterprise architecture review

Queensland – Commonwealth Partnership's (QCP) Joint Data Analytics Working Group achieved Regulatory reform across three Queensland Health Acts to include Queensland PHNs and ATSI services as Prescribed Entities legally enabling Queensland Health to share confidential and other information to better support collaboration and the PHNs' functions of needs assessment, evaluating, managing, monitoring or planning Health Services. This included GCPHN Leadership of the development of a Queensland Data Sharing and Linkage Vision and Strategic Roadmap 2024-2027, on behalf of the QCP.

Primary Care Gold Coast Limited

Directors' Report

30 June 2024

General information

Members' guarantee

Primary Care Gold Coast Limited is a company limited by guarantee. In the event of, and for the purpose of winding up of the company, the amount capable of being called up from each member and any person or association who ceased to be a member in the year prior to the winding up, is limited to \$ 20 for members that are corporations and \$ 20 for all other members, subject to the provisions of the company's constitution.

At 30 June 2024 the collective liability of members was \$ 60 (2023: \$ 60).

Meetings of directors

During the financial year, 14 meetings of directors (including committees of directors) were held. Attendances by each director during the year were as follows:

	Directors' Meetings		Finance & Audit (F & A) Committee	
	Number eligible to attend	Number attended	Number eligible to attend	Number attended
Lisa Beecham	9	9	-	-
Tammra Warby	4	4	-	-

Auditors independence declaration

The lead auditors independence declaration for the year ended 30 June 2024 has been received and can be found on page 4 of the financial report.

Signed in accordance with a resolution of the Board of Directors:

Director:

Director:

Dated this 4th day of September 2024

**AUDITOR'S INDEPENDENCE DECLARATION
UNDER SECTION 60.40 OF THE AUSTRALIAN CHARITIES AND NOT-FOR-PROFITS
COMMISSION ACT 2012 TO THE DIRECTORS OF PRIMARY
CARE GOLD COAST LIMITED**

In accordance with the requirements of section 60-40 of the *Australian Charities and Not for Profits Commission Act 2012*, as lead auditor for the audit of Primary Care Gold Coast Limited for the year ended 30 June 2024, I declare that to the best of my knowledge and belief, there have been:

- (i) no contraventions of the auditor independence requirements as set out in the *Australian Charities and Not-for-profits Commission Act 2012* in relation to the audit; and
- (ii) no contraventions of any applicable code of professional conduct in relation to the audit.

Primary Care Gold Coast Limited

ABN 47 152 953 092

Notes to the Financial Statements For the Year Ended 30 June 2024

The financial report covers Primary Care Gold Coast Limited as an individual entity. Primary Care Gold Coast Limited is a not-for-profit Company, registered and domiciled in Australia.

The principal activities of the Company for the year ended 30 June 2024 were:

- Leading the development of a needs assessment that identifies the health needs of local residents and service issues within our local system, then designing solutions to meet those needs. This includes the assessment, planning and establishment of new health services.
- Funding health organisations to provide local health services across a range of areas including mental health, alcohol and other drugs, aged and palliative care, persistent pain, suicide prevention, cancer screening, immunisation, improving Aboriginal and Torres Strait Islander health and supporting general practices in quality improvement.
- Helping the health system work better together for patients and their families. This includes supporting health professionals including general practitioners, to improve the quality of patient care.

The functional and presentation currency of Primary Care Gold Coast Limited is Australian dollars.

The financial report was authorised for issue by the Directors on 4 September 2024.

Comparatives are consistent with prior years, unless otherwise stated.

1 Basis of Preparation

The financial statements have been prepared on an accruals basis and are based on historical costs modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and financial liabilities.

The accounting policies that are material to the company are set out below. The accounting policies adopted are consistent with those of the previous financial year, unless otherwise stated.

(a) Critical Accounting Estimates and Judgements

The directors evaluate estimates and judgements incorporated into the financial statements based on historical knowledge and best available current information. Estimates assume a reasonable expectation of future events and are based on current trends and economic data, obtained both externally and within the company.

Useful Lives of Depreciable Assets

Management reviews its estimate of the useful lives of depreciable assets at each reporting date, based on the expected utility of the assets. Uncertainties in these estimates relate to technical obsolescence that may change the utility of certain software and IT equipment.

Long Service Leave

The liability of long service leave is recognised at the undiscounted value of estimated future cash flows to be made in respect of employees at reporting date.

Employee Benefits

For the purpose of measurement, AASB 119: Employee Benefits defines obligations for short-term employee benefits as obligations expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related services. As the entity expects that most employees will not use all of their annual leave entitlements in the same year in which they are earned or during the 12 month period that follows (despite an informal internal policy that requires annual leave to be used within 18 months), the Directors believe that obligations for annual leave entitlements satisfy the definition of other long-term employee benefits and, therefore, are required to be measured at the present value of the expected future payments to be made to employees.

Notes to the Financial Statements

For the Year Ended 30 June 2024

1 Basis of Preparation

(a) Critical Accounting Estimates and Judgements

Software Development

The Company incurs costs associated with internally generated software. Due to uncertainty determining the future economic benefit to the Company, the costs associated with internally generated software are expensed when incurred.

Economic Dependence

Primary Care Gold Coast Limited is dependent on Federal grants. At the date of this report, the Board of Directors has no reason to believe government funding will not continue to support Primary Care Gold Coast Limited. A funding agreement with the Department of Health has been signed up to and including 2024/25.

Revenue

For many of the grant agreements received, the determination of whether the contract includes sufficiently specific performance obligations was a significant judgement involving discussions with several parties at the company, review of the proposal documents prepared during the grant application phase and consideration of the terms and conditions.

Grants received by the company have been accounted for under both AASB 15 and AASB 1058 depending on the terms and conditions and decisions made. If this determination was changed then the revenue recognition pattern would be different from that recognised in this financial report.

Key Judgements – Receivables

The receivables at reporting date have been reviewed to determine whether there is any objective evidence that any of the receivables are impaired. An impairment provision is included for any receivable where the entire balance is not considered collectible. The impairment provision is based on the best information at the reporting date.

Key Judgements – Lease Term

The lease term is a significant component in the measurement of both the right-of-use asset and lease liability. Judgement is exercised in determining whether there is reasonable certainty that an option to extend the lease or purchase the underlying asset will be exercised, or an option to terminate the lease will not be exercised, when ascertaining the periods to be included in the lease term. In determining the lease term, all facts and circumstances that create an economical incentive to exercise an extension option, or not to exercise a termination option, are considered at the lease commencement date. Factors considered may include the importance of the asset to the company's operations; comparison of terms and conditions to prevailing market rates; incurrence of significant penalties; existence of significant leasehold improvements; and the costs and disruption to replace the asset. The company reassesses whether it is reasonably certain to exercise an extension option, or not exercise a termination option, if there is a significant event or significant change in circumstances.

Key Estimates – Incremental borrowing rate

Where the interest rate implicit in a lease cannot be readily determined, an incremental borrowing rate is estimated to discount future lease payments to measure the present value of the lease liability at the lease commencement date. Such a rate is based on what the company estimates it would have to pay a third party to borrow the funds necessary to obtain an asset of a similar value to the right-of-use asset, with similar terms, security and economic environment.

The company has determined the incremental borrowing rate to be 4.16%.

Notes to the Financial Statements

For the Year Ended 30 June 2024

1 Basis of Preparation

(b) New or amended Accounting Standards and Interpretations adopted

The company has adopted all of the new or amended Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period.

Any new or amended Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

2 Material accounting policy information

(a) Income Tax

The Company is exempt from income tax under Division 50 of the *Income Tax Assessment Act 1997*.

(b) Goods and Services Tax (GST)

Revenue, expenses and assets are recognised net of the amount of goods and services tax (GST), except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payable are stated inclusive of GST.

Cash flows in the statement of cash flows are included on a gross basis and the GST component of cash flows arising from investing and financing activities which is recoverable from, or payable to, the taxation authority is classified as operating cash flows.

(c) Financial Instruments

Initial recognition and measurement

Financial instruments are recognised initially on the date that the Company becomes party to the contractual provisions of the instrument.

On initial recognition, all financial instruments are measured at fair value plus transaction costs (except for instruments measured at fair value through profit or loss where transaction costs are expensed as incurred).

Financial assets

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

Classification

On initial recognition, the Company classifies its financial assets into the following categories, those measured at:

- amortised cost
- fair value through profit or loss - FVTPL
- fair value through other comprehensive income - equity instrument (FVOCI - equity)

Classification is based on the entity's business model for managing the financial assets and the contractual cash flow characteristics of the financial asset.

Notes to the Financial Statements

For the Year Ended 30 June 2024

2 Material accounting policy information

(c) Financial Instruments

Financial assets

Amortised cost

The Company's financial assets measured at amortised cost comprise trade and other receivables and cash and cash equivalents in the statement of financial position.

Interest income, foreign exchange gains or losses and impairment are recognised in profit or loss. Gain or loss on derecognition is recognised in profit or loss.

Impairment of financial assets measured at amortised cost

Impairment of financial assets is determined on an expected credit loss (ECL) basis for financial assets measured at amortised cost and contract assets arising under AASB 15.

The company has used the simplified approach in AASB 9 which uses an estimation of lifetime expected credit losses. The company has determined the probability of non-payment of the receivable and contract asset and multiplied this by the amount of the expected loss arising from default.

When estimating ECL, the company considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis based on the company's historical experience and informed credit assessment and including forward looking information.

The amount of the impairment is recorded in a separate allowance account with the loss being recognised in the result for the year. Once the receivable is determined to be uncollectable then the gross carrying amount is written off against the associated allowance.

Financial liabilities

The Company measures all financial liabilities initially at fair value less transaction costs, subsequently financial liabilities are measured at amortised cost using the effective interest rate method. The financial liabilities of the Company comprise contract liabilities, trade payables, other payables and lease liabilities.

(d) Impairment of Assets

At the end of each reporting period, the entity reviews the carrying amounts of its tangible assets to determine whether there is any indication that those assets have been impaired. If such an indication exists, the recoverable amount of the asset, being the higher of the asset's fair value less costs of disposal and value in use, is compared to the asset's carrying amount. Any excess of the asset's carrying amount over its recoverable amount is recognised in profit or loss.

Where the assets are not held primarily for their ability to generate net cash inflows - that is, they are specialised assets held for continuing use of their service capacity - the recoverable amounts are expected to be materially the same as fair value. Where it is not possible to estimate the recoverable amount of an individual asset, the entity estimates the recoverable amount of the cash-generating unit to which the asset belongs.

Where an impairment loss on a revalued individual asset is identified, this is recognised against the revaluation surplus in respect of the same class of asset to the extent that the impairment loss does not exceed the amount in the revaluation surplus for that class of asset.

Notes to the Financial Statements

For the Year Ended 30 June 2024

2 Material accounting policy information

(e) Revenue

Revenue from contracts with customers.

Revenue is recognised at an amount that reflects the consideration to which the company is expected to be entitled in exchange for transferring goods or services to a customer. For each contract with a customer, the company: identifies the contract with a customer; identifies the performance obligations in the contract; determines the transaction price which takes into account estimates of variable consideration and the time value of money; allocates the transaction price to the separate performance obligations on the basis of the relative stand-alone selling price of each distinct goods or service to be delivered; and recognises revenue when or as each performance obligation is satisfied in a manner that depicts the transfer to the customer of the goods or services promised.

Grants

Grant income arising from an agreement which contains enforceable and sufficiently specific performance obligations is recognised when control of each performance obligations is satisfied. Within grant agreements there may be some performance obligations where control transfers at a point in time and others which have continuous transfer of control over the life of the contract.

Where control is transferred over time, generally the revenue is recognition based on either cost or time incurred.

If conditions are attached to the grant which must be satisfied before the company is eligible to retain the contribution, the grant will be recognised in the statement of financial position as a liability until those conditions are satisfied.

Assets arising from grants in the scope of AASB 1058 are recognised at their fair value when the asset is received. These assets are generally cash but maybe property which has been donated or sold to the company at significantly below its fair value.

Once the asset has been recognised, the Company recognises any related liability amounts (e.g., provisions, financial liabilities).

Once the assets and liabilities have been recognised then income is recognised for any difference between the recorded asset and liability.

Rendering of services

Revenue from a contract to provide services is recognised over time as the services are rendered based on either a fixed price or an hourly rate as per the performance obligations of the agreement.

Interest

Interest revenue is recognised as interest accrues using the effective interest method. This is a method of calculating the amortised cost of a financial asset and allocating the interest income over the relevant period using the effective interest rate, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the net carrying amount of the financial asset.

Other revenue

Other revenue is recognised when it is received or when the right to receive payment is established.

All revenue is stated net of the amount of goods and services tax.

Notes to the Financial Statements

For the Year Ended 30 June 2024

2 Material accounting policy information

(f) Cash and Cash Equivalents

Cash and cash equivalents in the statement of financial position comprise cash at bank and in hand and short-term deposits with an original maturity of six months or less where the investment is convertible to known amounts of cash and is subject to insignificant risk of changes in value. For the purposes of the statement of cash flows, cash and cash equivalents consist of cash and cash equivalents as defined in note 5.

Cash at bank earns interest at floating rates based on daily deposit rates. Short-term deposits are made for varying periods of between one day and six months, depending on the company's cash requirements. These deposits earn interest at market rates.

(g) Trade and Other Receivables & Accrued Income

Trade receivables which comprise amounts due from work performed under grant agreements and fee for service arrangements are recognised and carried at original invoice amount less an allowance for any uncollectible amounts.

Accrued income is recognised based under the Company's revenue recognition policy where performance obligations have been met but an invoice not yet raised.

(h) Property, Plant and Equipment

Each class of property, plant and equipment is carried at cost or fair value as indicated, less, where applicable, accumulated depreciation and any impairment losses.

Plant and Equipment

Plant and equipment are measured on the cost basis and are therefore carried at cost less accumulated depreciation and any accumulated impairment losses. In the event the carrying amount of plant and equipment is greater than the estimated recoverable amount, the carrying amount is written down immediately to the estimated recoverable amount and impairment losses are recognised either in profit or loss or as a revaluation decrease if the impairment losses relate to a revalued asset. A formal assessment of recoverable amount is made when impairment indicators are present (refer to Note 2(d) for details of impairment).

Plant and equipment that have been contributed at no cost, or for nominal cost, are valued and recognised at the fair value of the asset at the date it is acquired.

Depreciation

The depreciable amount of all fixed assets, including buildings and capitalised lease assets but excluding freehold land, is depreciated on a straight-line basis over the asset's useful life to the entity commencing from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful lives of the improvements.

The depreciation rates used for each class of depreciable assets are:

Class of Fixed Asset	Depreciation Rate
Motor Vehicles	33.3%
Office equipment	33.3%
Computer software	40%
Computer hardware	33.3%
Leasehold improvements	16.7%

Notes to the Financial Statements

For the Year Ended 30 June 2024

2 Material accounting policy information

(h) Property, Plant and Equipment

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains or losses are recognised in profit or loss in the period in which they arise. Gains are not classified as revenue. When revalued assets are sold, amounts included in the revaluation surplus relating to that asset are transferred to retained earnings.

(i) Right-of-Use Assets

A right-of-use asset is recognised at the commencement date of a lease. The right-of-use asset is measured at cost, which comprises the initial amount of the lease liability, adjusted for, as applicable, any lease payments made at or before the commencement date net of any lease incentives received, any initial direct costs incurred, and, except where included in the cost of inventories, an estimate of costs expected to be incurred for dismantling and removing the underlying asset, and restoring the site or asset.

Right-of-use assets are depreciated on a straight-line basis over the unexpired period of the lease or the estimated useful life of the asset, whichever is the shorter. Where the company expects to obtain ownership of the leased asset at the end of the lease term, the depreciation is over its estimated useful life. Right-of use assets are subject to impairment or adjusted for any remeasurement of lease liabilities.

The company has elected not to recognise a right-of-use asset and corresponding lease liability for short-term leases with terms of 12 months or less and leases of low-value assets. Lease payments on these assets are expensed to profit or loss as incurred.

(j) Lease Liabilities

A lease liability is recognised at the commencement date of a lease. The lease liability is initially recognised at the present value of the lease payments to be made over the term of the lease, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the consolidated entity's incremental borrowing rate. Lease payments comprise of fixed payments less any lease incentives receivable, variable lease payments that depend on an index or a rate, amounts expected to be paid under residual value guarantees, exercise price of a purchase option when the exercise of the option is reasonably certain to occur, and any anticipated termination penalties. The variable lease payments that do not depend on an index or a rate are expensed in the period in which they are incurred.

Lease liabilities are measured at amortised cost using the effective interest method. The carrying amounts are remeasured if there is a change in the following: future lease payments arising from a change in an index or a rate used; residual guarantee; lease term; certainty of a purchase option and termination penalties. When a lease liability is remeasured, an adjustment is made to the corresponding right-of use asset, or to profit or loss if the carrying amount of the right-of-use asset is fully written down.

(k) Provisions

Provisions are recognised when the entity has a legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured. Provisions recognised represent the best estimate of the amounts required to settle the obligation at the end of reporting period.

Notes to the Financial Statements

For the Year Ended 30 June 2024

2 Material accounting policy information

(l) Employee Benefits

Short-term employee benefits

Provision is made for the company's obligation for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly within 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries, non-accumulating sick leave and contributions to superannuation plans. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The company's obligations for short-term employee benefits such as wages, salaries, non-accumulating sick leave and contributions to superannuation plans are recognised as part of current trade and other payables in the statement of financial position.

Other long-term employee benefits

The entity classifies employees' long service leave and annual leave entitlements as other long-term employee benefits as they are not expected to be settled wholly within 12 months after the end of the annual reporting period in which the employees render the related service. Provision is made for the company's obligation for other long-term employee benefits, which are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures, and are discounted at rates determined by reference to market yields at the end of the reporting period on high quality corporate bonds that have maturity dates that approximate the terms of the obligations. Upon the remeasurement of obligations for other long-term employee benefits, the net change in the obligation is recognised in profit or loss classified under employee benefits expense.

The company's obligations for long-term employee benefits are presented as non-current liabilities in its statement of financial position, except where the entity does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current liabilities.

(m) Trade and Other Payables

Trade and other payables represent the liabilities for goods and services received by the entity during the reporting period that remain unpaid at the end of the reporting period. The balance is recognised as a current liability with the amounts normally paid within 30 days of recognition of the liability.

(n) Contract Liabilities

Contract liabilities represent the company's obligation to transfer goods or services to a customer and are recognised when a customer pays consideration, or when the company recognises a receivable to reflect its unconditional right to consideration (whichever is earlier) before the company has transferred the goods or services to the customer.

ABN 47 152 953 092

Notes to the Financial Statements For the Year Ended 30 June 2024

11 Contract balances

	2024 \$	2023 \$
Contract assets		
Accrued income on services provided not yet invoiced	-	-
	-	-
Contract liabilities		
Deferred income	10,694,856	12,684,387
	10,694,856	12,684,387

Contract assets

Contract assets arise when work has been performed on a particular program and goods or services have been transferred to the customer and the performance obligations met, but due to the timing of the service an invoice is yet to be raised.

Contract liabilities

Contract liabilities generally represent the unspent grants or other fees received on the condition that specified services are delivered or conditions are fulfilled. In some instances, the provider of the grant has not confirmed whether fees can be rolled forward to future financial years, so there is a chance that funds may need to be repaid until this confirmation is received.

12 Lease Liabilities

CURRENT

Lease liabilities	373,780	316,551
	373,780	316,551

Notes to the Financial Statements For the Year Ended 30 June 2024

13 Provisions

	2024	2023
	\$	\$
CURRENT		
Provision for Annual Leave	468,045	378,677
Provision for Long Service Leave	426,116	368,347
	<u>894,161</u>	<u>747,024</u>
NON-CURRENT		
Provision for Long Service Leave	29,432	30,428
	<u>29,432</u>	<u>30,428</u>

Provision for employee benefits represents amounts accrued for annual leave and long service leave. The current portion for this provision includes the total amount accrued for annual leave entitlements and the amounts accrued for long service leave entitlements that have vested due to employees having completed the required period of service. Based on past experience, the company does not expect the full amount of annual leave or long service leave balances classified as current liabilities since the company does not have an unconditional right to defer the settlement of these amounts in the event employees wish to use their leave entitlement.

The non-current portion for this provision includes amounts accrued for long service leave entitlements that have not yet vested in relation to those employees who have not yet completed the required period of service.

In calculating the undiscounted value of future cash flows in respect of long service leave, the probability of long service leave being taken is based upon historical data. The measurement and recognition criteria for employee benefits have been discussed in Note 2(I).

14 Related party transactions

Other related parties include close family members of key management personnel and entities that are controlled or jointly controlled by those key management personnel individually or collectively with their close family members.

Transactions between related parties are on normal commercial terms and conditions no more favourable than those available to other parties unless otherwise stated.

Transactions with related entities

The following transactions related to the above related entities:

Payments (GST exclusive) for goods and services provided by:

- Kalwun Health Service (common entity director)	-	593,100
- Lisa Beecham (director)	698	1,198
- Ignite Design Creative (other related party)	519	-

Notes to the Financial Statements For the Year Ended 30 June 2024

15 Key Management Personnel Disclosures

Any person(s) having authority and responsibility for planning, directing and controlling the activities of the entity, directly or indirectly, including any director (whether executive or otherwise) of that entity, is considered key management personnel.

The total remuneration paid to key management personnel of the Company is \$ 579,945 (2023: \$ 519,243).

16 Contingent liabilities

In the opinion of the Directors, the Company did not have any contingencies at 30 June 2024 (30 June 2023:None).

17 Events after the end of the Reporting Period

No matters or circumstances have arisen since the end of the financial year which significantly affected or may significantly affect the operations of the Company, the results of those operations or the state of affairs of the Company in future financial years.

18 Statutory Information

The registered office and principal place of business of the company is:

Primary Care Gold Coast Limited
Level 1/14 Edgewater Ct, Robina QLD 4226

Primary Care Gold Coast Limited

ABN 47 152 953 092

Directors' Declaration

In accordance with a resolution of the directors of Primary Care Gold Coast Limited, the directors of the entity declare that:

- there are reasonable grounds to believe that the Company is able to pay all of its debts, as and when they become due and payable; and
- the financial statements and notes satisfy the requirements of the *Australian Charities and Not-for-profits Commission Act 2012*.

Signed in accordance with subsection 60.15(2) of the *Australian Charities and Not-for-profit Commission Regulation 2022*.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF PRIMARY CARE GOLD COAST LIMITED

Report on the Audit of the Financial Report

Opinion

We have audited the financial report of Primary Care Gold Coast Limited (the Company), which comprises the statement of financial position as at 30 June 2024 and the statement of comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including material accounting policy information, and the directors' declaration.

In our opinion, the accompanying financial report of Primary Care Gold Coast Limited is in accordance with Division 60 of the *Australian Charities and Not-for-profits Commission Act 2012*, including:

- (i) giving a true and fair view of the Company's financial position as at 30 June 2024 and of its performance for the year then ended; and
- (ii) complying with Australian Accounting Standards – AASB 1060: *General Purpose Financial Statements – Simplified Disclosures for For-Profit and Not-for-Profit Tier 2 Entities* and Division 60 of the *Australian Charities and Not-for-profits Commission Regulations 2022*.

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the Company in accordance with the auditor independence requirements of the *Australian Charities and Not-for-profits Commission Act 2012* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110: *Code of Ethics for Professional Accountants* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

The directors of the Company are responsible for the other information. The other information comprises the information included in the Company's annual report for the year ended 30 June 2024, but does not include the financial report and our auditor's report thereon. Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon. In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Responsibility of the Directors for the Financial Report

The directors of the Company are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards – Simplified Disclosure Requirements and the *Australian Charities and Not-for-profits Commission Act 2012* and for such internal control as the Directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidated the Company or to cease operations, or have no realistic alternative but to do so.

The Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, internal omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and reasonableness of accounting estimates and related disclosures made by directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Company to express an opinion on the financial report. We are responsible for the direction, supervision and performance of the Company audit. We remain solely responsible for our audit opinion.

Auditor's Responsibility for the Audit of the Financial Report (Continued)

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during the audit.
