

## Practice Nurse

We are looking for an energetic, enthusiastic and friendly Practice Nurse to work in our modern, well-equipped clinic, performing treatment room duties, chronic disease management, health assessments and pre-employment medicals. This position is being offered as Casual. New Grads are welcome to apply.

### Essential Criteria:

- Current registration with APHRA
- Flexibility and commitment to assist with holiday/leave cover
- An energetic, enthusiastic, friendly "can do" personality
- Ability to work independently and as part of a team

### Desirable Criteria:

- Experience with Best Practice software
- Chronic disease management experience
- General Practice nursing experience

### Duties include but are not limited to:

- Triage and patient assessment;
- Clinical patient care incl. wound care, immunisation, ear syringing, assistance with surgical procedures;
- Infection control; consumables ordering and stocking
- Cold chain management
- Proficient computer skills and working knowledge of Best Practice software
- Demonstrated patient focused approach in service provision
- Excellent interpersonal, oral and written communication skills
- Demonstrated commitment to ongoing professional development

### Benefits & Culture

- Friendly and welcoming team environment
- Well established and respected family medical clinic
- Great work/life balance
- Ongoing professional development
