Chronic Condition Management

Subject to passage of legislation – revised structure for items for chronic disease management and change in name to Chronic Conditions Management

No new information released regarding specifics of the upcoming changes to chronic condition management MBS items.

Deferred to **1 July 2025** Medicare Benefits Schedule (MBS) items will be changing to:

- **Replace** the current GP Management Plan and Team Care Arrangement with a single GP Chronic Condition Management Plan.
- **Support** continuity of care – MyMedicare registered patients access management plans through the practice they are registered at (Pts not registered for MyMedicare will be able to access management plans through their usual GP)
- **Encourage** management plan reviews:
 - Equalising fees for developing and reviewing plans
 - Establish or review plan in the last 18 months to retain access to allied health and other services
- **Formalise** referral process for allied health (more consistent with other referral arrangements)
- **Transition** arrangements for existing patients with GP Management Plans and TCAs

GCPHN Wellness Cycle of Care resources

GPs are required to make sure each patient meets the MBS criteria prior to claiming each item number.

MBS items to support implementation GP management plan

- [Team care arrangements](#)
- [GPMP/TCA review x 3 times per year](#)
- [Nurse chronic disease item number](#)
- [Health assessments for over 75-year olds](#)
- [Aboriginal and Torres Strait Islander people's health assessment](#)
- [Home medication review](#)
- [Mental health treatment plan](#)

Primary Sense

Australian Government March 2025 Budget announcements

Expanded MBS billing

- From 1 November expansion of eligibility for MBS bulk billing incentive payments – to **all** Australians with a Medicare card.
- Practices can **choose** to participate in the new bulk billing practice incentive program.
- New information on both bulk billing measures is now available on the [Department of Health and Aged Care website](#) (including FAQ and details on eligible MBS services).

Other

- Funding for 50 more Medicare Urgent Care Clinics
- Women's Health package including a new Medicare rebate for menopause health assessments and funding to train health professionals
- Workforce – expansion to GP training, nursing and midwifery scholarships and salary incentives to encourage junior doctors to specialise in general practice.
