Gold Coast Primary Health Network (GCPHN) provides support to General Practice, the cornerstone of primary health care, to promote best practice methods and improved quality management. We provide a team of dedicated support officers ready to help answer your questions and are happy to come out to the practice or offer support over the phone. Depending on the support you require, we may connect you with a Primary Care Engagement Team member who specialise in digital health, quality improvement and development, Primary Sense or COVID-19 response. We also engage with local hospital services, other health care providers, and the community to enhance patient outcomes and reduce avoidable hospital admissions.
