

# WOUND MANAGEMENT WORKSHOP

## Cancerous Wounds

An Australian Government Initiative

WOUND SPECIALIST  
Services

Join internationally recognised wound care expert Dr Michelle Gibb, Nurse Practitioner and Founder of Wound Specialist Services, for an interactive session designed to equip **RACH and Community Aged Care Nurses** with practical skills and strategies to identify, assess, treat, and prevent wounds.

**Friday 14 November 2025**

**9:15 AM - 11:30 AM**

St Andrews Retirement Living, Aged Care & Home Care,  
Sullivan Road, Tallebudgera QLD

### Topics Covered

- Identifying risk factors and symptoms of cancerous wounds
- Treatment options including managing bleeding, odour, exudate, and pain
- Strategies to enhance quality of life for aged care clients
- Understanding escalation criteria and referral pathways (e.g. unmanaged pain, significant symptom impact, end-of-life care considerations)
