## Acknowledgement of Country

Metro North Health (or this event) respectfully acknowledges the Traditional Owners and Custodians of the land where our health services are located. We pay our respects to the Aboriginal and Torres Strait Islander Elders and valued persons, past, present and future and recognise the strength and resilience that Aboriginal and Torres Strait Islander people and their ancestors have displayed in laying strong foundations for the generations that follow. For it is through building a joint understanding of land, water and community that we work together to reduce health inequities.
