

THURSDAY 26 NOVEMBER 2026
12:30PM- 2:30PM

Residential Aged Care Engagement Forum

Gold Coast Primary Health Network
Level 1/14 Edgewater Court, Robina

Strengthening partnerships to support older people across the Gold Coast

This interactive forum has been established to strengthen relationships, improve collaboration and create opportunities for meaningful discussion on the challenges and opportunities facing residential aged care services across the Gold Coast. The event is designed to bring together residential aged care providers, Gold Coast Health, Queensland Ambulance Service and other sector stakeholders to share insights, discuss practical solutions and identify priorities for ongoing collaboration.

Rather than traditional presentations, the forum will focus on practical discussions, shared experiences and collaborative problem solving, with the aim of supporting improved outcomes for older people living in residential aged care.

What will be covered?

- Sector updates
- Emergency department avoidance and care in place
- Communication and handover
- Psychosocial decision-making, dementia and restrictive practices

Who should attend?
Residential aged care leaders, managers, clinical staff, care coordinators and staff involved in supporting older people across the aged care system.

Lunch will be provided.
